Sikandrabad, Bulandshaher, India | +91-8218194545 | saifiashad649@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Motivated BCA student and full-stack web developer with hands-on experience building production-grade, responsive web applications using React.js, Next.js, and Node.js. Completed three internships delivering real-world UI/UX improvements and scalable solutions. Published researcher in AI and education. Proficient in Git-based version control, Agile collaboration, and modern JavaScript frameworks. Eager to contribute to innovative software engineering teams as an entry-level Frontend or Full-Stack Developer.

TECHNICAL SKILLS

Programming Languages:	C, C++, Java, JavaScript (ES6+), TypeScript, HTML5, CSS3
Frameworks & Libraries:	React.js, Next.js, Node.js, TailwindCSS, Express.js
Developer Tools:	Git, GitHub, VS Code, Firebase, Vercel, Supabase, Postman, Thunder Client
Core Competencies:	Responsive Web Design, UI Optimization, Debugging, RESTful APIs, Version Control
Databases:	Supabase (PostgreSQL), Firebase, MongoDB
Soft Skills:	Problem Solving, Team Collaboration, Communication, Leadership

INTERNSHIP EXPERIENCE

Full Stack Developer Intern – Explurger Mar 2026 – Present

On-site | Full-Stack Web Development | New Delhi

- Working on-site at Explurger's office, gaining hands-on exposure to real-world product development in a fast-paced startup environment
- Actively contributing to full-stack feature development using React.js, Node.js, and modern JavaScript frameworks in a live production codebase
- Learning and implementing database operations and query optimization in real project scenarios, strengthening practical backend skills
- Using Postman daily for API testing, debugging REST endpoints, and verifying request/response flows across the development pipeline
- Collaborating directly with senior developers and cross-functional teams to understand how scalable web products are planned, built, and shipped
- Getting hands-on experience with the complete software development lifecycle — from feature scoping and coding to testing and deployment

Full Stack Developer Intern – Infotact Solutions Jan 2026 – Feb 2026

On-site | Full-Stack Web Development

- Developed and maintained full-stack web applications using React.js, Node.js, and modern JavaScript frameworks
- Collaborated with cross-functional teams to design, build, and deploy scalable web features in production environments
- Implemented RESTful APIs and integrated third-party services to enhance application functionality
- Contributed to code reviews, debugging sessions, and performance optimization tasks across the development lifecycle

Web Development Intern – The Developers Arena Nov 2025 – Feb 2026

Remote | Full-Stack Web Development

- Designed and implemented responsive web interfaces adhering to modern UI/UX standards using HTML5, CSS3, and JavaScript
- Integrated and tested reusable web components ensuring cross-browser compatibility across Chrome, Firefox, and Edge
- Resolved 15+ UI/performance bugs improving page load speed and overall usability
- Collaborated in an Agile team environment to develop and ship new product features on schedule
- Maintained clean, structured codebase using Git version control and GitHub pull request workflows

PROJECTS

SPARKSCULPT – AI-Powered Full-Stack Writing Platform

[Next.js](#) | [React.js](#) | [Node.js](#) | [AI Integration](#) | [Vercel](#)

- Engineered an AI-integrated full-stack platform that assists writers with real-time creative suggestions and content enhancement
- Architected scalable frontend using Next.js with server-side rendering (SSR) for improved SEO and performance
- Implemented RESTful API integration and optimized component rendering for a seamless user experience

VICHAAR – The Voice of India (Full-Stack + AI)

[Next.js](#) | [React.js](#) | [TailwindCSS](#) | [Supabase](#) | [AI Integration](#)

- Developed a full-stack opinion-sharing platform for social and economic discussions with real-time data sync via Supabase
- Designed clean, accessible UI using TailwindCSS with responsive layouts compatible across mobile and desktop devices
- Integrated authentication and database management using Supabase, ensuring secure user data handling

EDUCATION

Bachelor of Computer Applications (BCA) 2024 – 2027 (Expected)

GL Bajaj Institute of Management, Greater Noida | CGPA: 7.3 / 10.0

CERTIFICATIONS

- CyberOps Associate – Cisco Networking Academy (Network Security, Threat Analysis, SOC Operations)
- Relation to Document Model – MongoDB University (NoSQL Data Modeling, Document Structure)
- Schema Patterns & Antipatterns – MongoDB University (Database Design, Optimization Strategies)
- Full Stack Web Development – Infotact Solutions (React.js, Node.js, RESTful APIs, Production Deployment)
